

Handmade Rocking Chairs

Northbrook Country Market offers a wonderful selection of hand-crafted wooden rocking chairs. The chairs are created by a Lebanon County craftsman and his family, one at a time using the green joinery method with interlocking dowel joints. Only top grade Appalachian White Ash lumber is used to make these durable and beautiful chairs. There are several samples on our porch and in our showroom of different styles and colors. We also have coordinating tables to complete your porch setting. Prices below exclude tax. All chairs are available in the following colors (except where noted):

interlocking dowel joints
