# In-Home Portraits

The standard in-home portrait session lasts up to two hours<sup>1</sup> and is ideally suited for:

- maternity, single-child (ages 0-2) and mother/child or
- multi-child (age 3 and older) or
- single family portraiture

The session fee is \$175<sup>2</sup> and includes a PDF proof sheet, one 8x10, two 5x7s, and eight wallets (all from same image). Additional time is billed at \$25 per ½ hour. You may substitute the proof sheet and prints for 4x6 printed proofs of all images. Additional prints from the same or different images are also available (See Print Prices below).

Please note that very young children often require multiple breaks during the session for feeding and brief naps. Additional time may be required if the children are fussy. Portraits are generally taken using available surroundings. In order to use studio backgrounds in your home, you must have a room with at least 10'x10' of clear space and electrical outlets.
